## Our expertise for a successful future

NOVOMATIC's more than 40-years success story began in 1980 with its foundation by the industrialist Prof. Johann F. Graf in Gumpoldskirchen. Today, NOVOMATIC is one of the world's leading manufacturers of gaming equipment and the technology leader in server-based gaming and video lottery terminals, with a clear market leadership position in, among others, Germany, Great Britain, Italy, Spain, the Netherlands, Austria and CEE/SEE.

A key characteristic of NOVOMATIC is its unique, innovative strength. In order to ensure this, NOVOMATIC attaches great importance to research and development. Technology centers in 15 countries and production sites in 11 countries consolidate the Group's pioneering role in the development of innova-

tive technologies, unique system solutions and promising products for the online, mobile and social gaming segments. The NOVOMATIC AG Group is the European market leader in the operation of electronic casinos and was able to keep the number of operated and leased gaming terminals stable at around 212,000 units in the 2021 fiscal year. With an exceptionally high degree of vertical integration and more than 4,200 registered IP trademarks, NOVOMATIC guarantees the utmost product quality.

## Practiced Responsibility in the core business

NOVOMATIC pursues sustainable corporate development. In addition to the economic aspects of the business activities, this also takes into account employee issues and environmental concerns, as well as the interests of stakeholders.

The strategic fields of action comprise: "Responsible Entertainment", "Always Compliant", "Enjoy Working with Us", "Going Green" and "Active in the Community". NOVOMATIC always adheres to the guiding principle of "Winning Responsibly", because only the assumption of responsibility ensures long-term business success. The related vision is to be the most innovative and responsible provider of "Responsible Entertainment" in the world.

NOVOMATIC collects and manages a large number of non-financial key figures in order to continuously improve the Group-wide environmental, Social & Governance (ESG) performance on a continuous basis. These efforts have also been confirmed by numerous excellent ESG ratings.
